Delegations of the OLADE Member Countries, Exhibitors and visitors
Peru is located in the western part of South America. In its limits are the countries of Ecuador, Colombia, Brazil, Bolivia and Chile.

The Republic of Peru is divided into 25 regions or departments, including the constitutional province of Callao, where the country’s main port is located. Since the independence of Peru in 1821, Lima is the capital of the Republic.

Lima is located on the central coast of Peru, on the shores of the Pacific Ocean and has an extension of 2,817 km².

Museums with excellent works of art, archaeological sites, beaches, valleys, nature reserves, nightlife, the excitement of adventure sports and the exquisite food offered by the capital of Peru, with an authentic personality and tourism in Lima, constitute a unique experience in the country.

Peru has a system of information and assistance for travelers provided by the Commission for the Promotion of Peru for Export and Tourism - PromPerú, called iPerú. This system offers, free of charge, tourist information about the attractions, routes, destinations and touristic service companies and, in addition, official assistance service.
